EaSI 2014-2020

- General medicine

Region Östergötland are a leading unit where research and development is an obvious part of our business. Medical quality is high on the agenda, which is why development work is a part of everyday work. With us, you work in a close collaboration with other doctors and nurses. We supervise students, younger colleagues and other occupational groups.

### **Personal characteristics**

You see yourself as a team player with a good ability to communicate. You are structured and perform your work with great responsibility. You are able to work in a team with colleagues of all professions and enjoy collaborating with team members to support the development and growth of the service. You see opportunities in change and have a positive humble appearance.

### **Terms of employment**

Before moving to Sweden you need to reach a certain level in the Swedish language and have your medical training recognized by the Swedish National Board of Health and Welfare <https://legitimation.socialstyrelsen.se/en/licence-application/>.

Your employment will start with a clinical trial and introduction period, combined with further language studies. If the trial period will be proved satisfactory and you demonstrate required skills recognized by the County Council of Östergötland, it will automatically turn into a permanent employment.

### **Qualifications and requirements:**

- EU/EEA Registered specialist doctor
- EU/EEA citizenship
- Good English communication skills
- Basic computer skills in Microsoft Office
- Highly motivated to start learning Swedish up to a B2 level, before arrival in Sweden.

### **ISCO Profile requested:**

2212 □ Specialist doctor
