Job vacancy: Junior Software Developer

Number of available position: 2

Employer: Transped Europe GmbH

General information:

Location: Wörgl, Austria

Form of employment: job

Type of contract: full time

Duration: open ended

Gross annual wage (Euro): minimum 30.000 (to be increased according to experience and qualifications)

Job description:

As a software developer in our IT team, you develop applications based on various technologies and thus drive the digitalization and automation of our processes. You analyze internal requirements and develop suitable solution concepts. Your responsibilities cover the entire development process from design to programming, the test phase and implementation to the further development of the respective software solutions. YOUR ROLES & RESPONSIBILITIES: IT support or ticket processing (software related); Software or web development (C#, .NET & Entity Frameworks); Planning and implementation of EDI connections as well as the adaptations of the workflow-based ERP system.

THE COMPANY OFFERS:

- Flexible working hours & home office possibilities
- A practical training lasting 3 months in an international environment
- Attractive salary
- Secure job within a family-like corporate culture in a stable, future-oriented industry
- Career opportunities
- Free parking in the multi-story car park directly adjacent to the office building
- A free Transped shuttle from / to Wörgl train station or from / to Innsbruck, adapted to working hours
- Discounted refueling at the in-house petrol station (diesel)
- Food allowance for the midday snack
- Health offers: company doctor and various vaccination offers as well as team sports with colleagues
