EaSI 2014-2020

Job vacancy: INDUSTRIAL ELECTRICIAN

Number of available position: 1

General information:

Location: Malagnino (Cremona) - Italy

Form of employment: job

Type of contract: permanent

Net wage per year (Euro): range from 20000 to 23000

Job description:

Wiring and testing of switchboards on the machine/line.

You often work in a team, both in the company and on assignments.

The responsible and sole contact person for the role will be the Senior Electrical Designer.

In addition to its own projects for the hydraulics sector, our company is a partner of a group in Modena, a European leader in the field of automated warehouses and logistics

Requirements:

- **General requirements:**

professional training specific to the role
3 years of experience

- **Language knowledge:**

Basic knowledge of English or German or Spanish
Basic Italian to be acquired within a reasonable time

Other specific requirements:

Excellent ability to read drawings and circuit diagrams

Extreme precision and responsibility in one's work is required, as well as clear and direct communication with colleagues. You often work as part of a team, both in the company and on assignments, so awareness of the dangers you can run is very important, as is respect, cleanliness and orderliness in the workplace. High-risk courses are compulsory and paid for by the company. Basic knowledge of Office, especially e-mail and chat/virtual communication media for work use only

Other information

Support in finding accommodation

Accident insurance

Assistance with administrative procedures

Separately paid travel allowances

Transfers: on average between 25% and 35% of the annual time. Transfers generally of a few days up to a couple of weeks in cases of quantitatively important installations. All paid and organised by the

company. Our travels are generally frequent but short in specific periods. Mainly Italy and Europe and even industrialised and developed non-European countries.

Free and compulsory training if not already acquired: general training, high risk training, CEI training for electrical workers

ISCO Profile requested: 7411.1.1.2
