Job vacancy: n.3432 General Laborer

Number of available positions: 3

Employer: BSP Building s.r.o

The company is a modern, dynamically developing construction company and specialized in the implementation of monolithic reinforced concrete structures with system formwork from the renowned PERI and DOKA companies.

Everything is done on a turnkey basis, including the calculation of price offers, carpentry and concrete work, and other related activities. The company's credo is quality, speed, reliability and, above all, safety at all stages of order execution.

The ambition of BSP Building s.r.o is the creation of stable and long-term relationships with business partners. The strategic goal of the company is the application of the effect of production and financial potential as a whole, thereby strengthening the position on the construction market in the Czech Republic.

Thanks to professional knowledge and rich experience, works of the highest precision and quality are carried out. Fulfilling the company's vision of a job well done is above all customer satisfaction.
